Subject: Administrator Visit to Dillingham

Hi Westley,

I have been tasked to organize the Dillingham portion of the Administrator's visit to Alaska. She will be visiting Dillingham to hold a Proposed Pebble Mine Listening Session. Today at 130PM AK Time I will be meeting with BBNA, the Watershed Council, Curyung and possibly the City of Dillingham. Anyhow, I haven't had a chance to call you yet because I have been buried. But I wanted to let you know this is going on. If you could provide a summary of major environmental issues of the region and any other hot topics that might come up at the meeting that would be great. The meeting will be focused on Pebble but if there is anything that might come up we should let her know ahead of time.

Nonresponsive

Briefing papers are due Friday so if you could provide by Thursday that would be very helpful. That way there would be time to see if any clarification is needed.

Thanks - Tami
